Marius Bejinariu

Media Developer

A results-driven, creative training media developer, videographer and animator with experience in 3D, 2D, web and software development, project management and administration. With a successful track record delivering and implementing strategic projects in the Defence Training, Higher Education and IT sectors. I have demonstrated strong technical, organisational and communications skills and the confidence to deliver multiple projects in fast-paced environments.

EXPERIENCE

- Produced Training Media and onsite graphics.
- Developed web, digital, and print-based multimedia products to meet client requirements, priorities, and time frames which balance user needs with business goals and technical capabilities.
- Captured and edited photo and video in order to create content for Training requirements.
- Identified, supported, and implemented the creation of new multimedia training materials in collaboration with Training Design (TD) and Subject Matter Experts (SMEs).
- Ensured compliance (where applicable) with MoD/customer regulations and procedures including DSAT and JSP 823.
- Created storyboards and scripts for training content.
- Acted as the client primary point of contact for the Sultan EMTC Media Team.
- Liaised with clients to discuss, interpret, and develop their needs; pushed creativity, challenged established thinking, and discovered new and innovative ways of problem-solving.
- Worked with others to ensure training solutions are developed to the highest quality.
- Maintained a high awareness of new emerging learning technologies and media.
- Ensured that all materials produced are appropriately compiled in line with relevant branding guidelines.
- Managed and curated an electronic archive of all creative content, adding metadata for easy searching by keyword, media type, and subject.
- Maintained a comprehensive record of all media tasks using the team's Media Request Tracker.
- Ensured Company health, safety and environmental procedures are implemented and complied with at all times.
- Undertook any other reasonable duties within your capabilities, as determined by Media Manager.
